

LPFM expanded service will interfere with my ability to listen to KLOVE 91.1 in Denver, CO. This is a Christian radio station and is the only station I listen to. I am able to sing along with the songs and praise the Lord every time I listen when I am in my car (which is sometimes 2-3 hours a day). If KLOVE were displaced by an LPFM broadcaster providing other programming, I would not be able to receive peace and the Lord's love when I listen. My life would be impacted because I am disabled and I use KLOVE to reduce the stress in my life. KLOVE provides a WONDERFUL service to Christians AND non-Christians all over the United States. Many people (non-Christians) I know love to listen because the songs are great. It would be a detriment to allow expanded LPFM.
